HIRING

## ABOUT FPINNOVATIONS

FPInnovations is a private not-for-profit organization that specializes in the creation of solutions in support of the Canadian forest sector's global competitiveness. It is ideally positioned to perform state-of-the-art research, develop advanced technologies, and deliver innovative solutions to complex problems for every area of the sector's value chain, from forest operations to consumer and industrial products.

Under the supervision of the Manager, the Applications Developer will be responsible for the development and support web application, web parts, reporting and custom business solutions.

### RESPONSIBILITIES

- Development, deployment, and support custom-built and out of the box applications;
- Develops practical and workable solutions to technical and business problems;
- Maintenance and improvements of existing sites and systems;
- Troubleshooting and resolving issue;
- Prepare technical materials and documentation as needed.
- Analyse and evaluate information gathered from multiple sources and decompose high-level information into clear potential deliverables;

### QUALIFICATIONS & SKILLS

- Bachelor's degree in software engineering, with a minimum of 3 years' experience in Software development, or an equivalent combination of education and experience;
- Extensive knowledge of SSIS and SSRS;
- Extensive knowledge of SQL / PLSQL;
- Experience with BI;
- Experience with Visual Studio Team Foundation;
- Experience installing, configuring, and developing applications;
- Ability to diagnose complex issues;
- Experience with .Net, C# design, web development and ASP.NET;
- Web design and SharePoint experience (XML, XSLT, HTML, JavaScript, jQuery, CSS);
- Autonomous, capable of working with minimum of supervision;
- Strong sense of urgencies and priorities with proven ability to work in a fast-paced and agile environment;
- Bilingual, oral and written in both English and French.

FPInnovations respects equal opportunities in employment.
